

UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, D.C.

Issued by the Department of Transportation on April 17, 2002

NOTICE OF ACTION TAKEN -- DOCKET OST-2002-11856 - 3

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Applicant: **Air Dolomiti SpA Lare**

Date Filed: March 15, 2002, as amended March 20, 2002

Relief requested: Exemption from 49 U.S.C. 41301 and blanket statement of authorization pursuant to 14 CFR 212 of the Department's regulations to display the airline designator code of United Air Lines, Inc., on all flights operated by Air Dolomiti within Europe.

If renewal, date and citation of last action: New authority

Applicant representative: Lester Bridgeman 251-432-1414

Responsive pleadings: None

DISPOSITION

Action: Approved

Action date: April 17, 2002

Effective dates of exemption authority granted: April 17, 2002 - April 17, 2004

Effective dates of statement of authorization granted: April 17, 2002 - Indefinite, subject to attached conditions

Basis for approval (bilateral agreement/reciprocity): The authority granted is consistent with the provisions of the U.S.-Italy Air Transport Agreement. We find that the carrier is properly licensed, financially and operationally qualified to conduct the proposed operations, and substantially owned and effectively controlled by citizens of Italy.¹ The FAA has advised us that it knows of no reason why the Department should act unfavorably on the carrier's application.

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:

X Standard exemption and code-share conditions (attached)

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

¹ The record indicates that 55.03% of the applicant's total shares are controlled by Italian nationals, 24.28% are publicly traded on the Italian Stock Exchange, and 20.69% are owned by Lufthansa German Airlines. To the extent a question may exist concerning the non-homeland involvement in Air Dolomiti, we find that waiver of our ownership and control standard, to the extent necessary, is warranted. There is no evidence that the ownership and control of the carrier would make grant of this authority inimical to U.S. aviation policy or interests.

Air Dolomiti/United Air Lines Code-Share (Docket OST-2002-11856)

The code-share operations authorized here are subject to the following conditions:

(a) The statements of authorization will remain in effect only as long as (i) Air Dolomiti and United continue to hold the necessary underlying authority to operate the code-share services at issue, and (ii) the code-share and/or alliance agreement providing for the code-share operations remains in effect;

(b) Air Dolomiti and/or United must notify the Department no later than 30 days before they begin any new code-share service under the code-share services authorized here. Such notice shall identify the market(s) to be served, which carrier will be operating the aircraft in the code-share market added, and the date on which the service will begin. Such notices should be filed in Docket OST-2002-11856;

(c) Air Dolomiti and/or United must notify the Department immediately if the code-share agreement under which these code-share services are operated is no longer in effect or if the carriers decide to cease operating all or a portion of the code-share services under the alliance. We expect this notification to be received within 10 days of such non-effectiveness or of such decision. Such notices should be filed in Docket OST-2002-11856;

(d) The code-sharing operations conducted under this authority must comply with 14 CFR 257 and with any amendments to the Department's regulations concerning code-share arrangements that may be adopted. Notwithstanding any provisions in the contract between the carriers, our approval here is expressly conditioned upon the requirements that the subject foreign air transportation be sold in the name of the carrier holding out such service in computer reservation systems and elsewhere; that the carrier selling such transportation (*i.e.*, the carrier shown on the ticket) accept responsibility for the entirety of the code-share journey for all obligations established in its contract of carriage with the passenger; that the passenger liability of the operating carrier be unaffected; and that the operating carrier shall not permit the code of its U.S. code-sharing partner to be carried on any flight that enters, departs, or transits the airspace of any area for whose airspace the Federal Aviation Administration has issued a flight prohibition;

(e) The authority to operate to third countries is subject to the condition that any service provided under the statement of authorization shall be consistent with all applicable agreements between the United States and the foreign countries involved. Furthermore, (i) nothing in the award of this blanket statement of authorization should be construed as conferring upon Air Dolomiti and United rights (including code-share, fifth freedom intermediate and/or beyond rights) to serve markets where U.S. carrier rights are limited unless Air Dolomiti and United notify us of their intent to serve such a market and unless and until the Department has completed any necessary carrier selection procedures to determine which carrier(s) should be authorized to exercise such rights;² and (ii) should there be a request by any carrier to use the limited-entry route rights that are included in Air Dolomiti's and United's authority by virtue of the blanket statement of authorization granted here, but that are not being used by Air Dolomiti and United, the holding of such authority will not be considered as providing any preference for Air Dolomiti and United in a competitive carrier selection proceeding to determine which carrier(s) should be entitled to use the authority at issue; and

(f) The authority granted here is specifically conditioned so that neither Air Dolomiti nor United shall give any force or effect to any contractual provisions between themselves that are contrary to these conditions.

We may amend, modify, or revoke this authority at any time without hearing.

² The notice in paragraph (b) above can be used for this notification.

FOREIGN AIR CARRIER CONDITIONS OF AUTHORITY

In the conduct of the operations authorized, the holder shall:

- (1) Not conduct any operations unless it holds a currently effective authorization from its homeland for such operations, and it has filed a copy of such authorization with the Department;

- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);

- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are:
 - (a) based on its operations in international air transportation that, according to the contract of

carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or

(b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States.

In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;

(8) Except as specifically authorized by the Department, originate or terminate all flights to/from the United States in its homeland;

(9) Comply with the requirements of 14 CFR Part 217, concerning the reporting of scheduled, nonscheduled, and charter data;

This authority shall not be effective during any period when the holder is not in compliance with the conditions imposed above. Moreover, this authority cannot be sold or otherwise transferred without explicit Department approval under Title 49 of the U.S. Code (formerly the Federal Aviation Act of 1958, as amended).
